I am a Computer Science graduate with a professional background in finance collection and a strong motivation to pursue a career in technology. I have completed an intensive Fullstack Developer Bootcamp with a GPA of 4.0, and successfully developed various backend and frontend projects using React, Express.js, Next.js, and MySQL. I possess strong problem-solving abilities, effective teamwork skills, and a high adaptability to new technologies.

Technical Projects

Web streaming film – Harisenin Project

Movie Streaming Website – Harisenin Project *Frontend Developer*

- Translated UI/UX designs from Figma into a responsive web interface.
- Developed user interface using React.js, Tailwind CSS, and JavaScript.
